Red Deer Polytechnic

RED DEER & DISTRICT CHAMBER OF COMMERCE

LEAN FOR LEADERS WITH BRUCE ENNIS

[REGISTER HERE](#)

1 DAY - Lean Manufacturing Best Practices Training Workshop & Networking

- Learn from Alberta native **Bruce Ennis**, author of the ASQ whitepaper "Driving Higher Workplace Performance", as he shares his experiences of building quality and continuous improvement programs for businesses from small fabrication shops to Fortune 500 companies. Bruce will help your business navigate the world of LEAN with simple, easy to understand solutions that drive higher performance.
- Meet **Dr. Tonya Wolfe** from Red Deer Polytechnic's Centre for Innovation in Manufacturing (CIM-TAC) and learn about the latest innovations in advanced manufacturing technology. Tour the facility and get hands on experience with 2 new technologies to apply to leaning your process.
- Learn about the **LEAN Accelerator Program (LEAP Program)** and how manufacturers can accelerate LEAN best practices through this exciting program.
- Connect with like-minded manufacturing leaders from around the region.
